No, this is not an April fools joke

Posted Apr 01, 2009

The National Auto Sport Association (NASA) announced today that rules in all spec tire classes will be changed effective immediately to allow the use of the both the Toyo R888 or the Toyo Proxes RA-1 until the end of the 2009 season. This change is being made in partnership with Toyo to better allow racers to use up remaining RA-1's they had on hand and ease the transition to the new R888 without racers having to replace tires before the end of their useful life. Rule updates will be completed shortly and posted to the main <http://www.nasaproring.com> site.

944-SPEC STANDY BY FOR MORE INFORMATION ! Unlike other classes we changed tires LAST YEAR . Most Drivers have fully made the switch to R888's .

STAND BY FOR MORE INFO . DO NOT ORDER NEW RA1 TIRES.

OK I'll bite. Hope it's not an April fools joke. Glad to hear we can still use our RA1's. Thanks!
